### **Team Description:**

The Sanitation Team organises and maintains all the ablutions for the event and manages the DPW waste. We coordinate with external contractors to make this happen efficiently and effectively to provide the best sanitation services any burn has ever seen.

### **Role Description:**

As part of the Sanitation Team, you'll ensure all the toilets are functional, full of water, clean and stocked with paper thrice a day. Don't worry the real dirty work is done by the paid professionals. They'll take care of filling the loos with water and removing the sewage waste. You and your buddies just have to ensure the toilets are clean by removing the empty toilet rolls and random other MOOP, giving the real messy ones a run over with some sanitiser, replacing the toilet rolls and restocking the hand sanitiser. Won't take long, just thrice a day. Then you can go take a shower, eat some food and join the party knowing that everyone is going to thank you for being able to use the best event toilets they ever have.
